OFFICE OF PARENT AND FAMILY
ENGAGEMENT

Greetings, Families!

As June comes to a close, we hope your families have been enjoying celebrating your students' achievements via graduation ceremonies and parties! This newsletter will feature information regarding safety, security, and student accountability on campus.

Living on the Hill:

7Uadig'GUZYhm'UbX'7ca a ib]hm'9IdYWhUh]cbg

With more than 90% of the student body living on campus, the residential experience is integral to the strong sense of community at the College. Holy Cross is students' home away from home, a place where students live with and learn from their peers, a place where life-long friendships are formed, and transformative experiences unfold.

Several offices work to educate community members on matters pertaining to student safety and are also tasked with addressing concerns when they arise. Today we are highlighting three of these departments and we encourage you to learn more about each of them below:

Department of Public Safety

A MESSAGE FROM HEALTH SERVICES

[Health Services](#) would like to remind incoming families and students of the importance of understanding your health status and medical insurance. Health Services does not bill insurance or charge students for our care. They have a robust stock of medical supplies and medications on hand to be dispensed free of charge. A student's insurance plan will be accessed if the provider sends bloodwork to the lab (Quest Diagnostics), a prescription is sent to the local pharmacy, a diagnostic test such as an x-ray is performed at a local site, or a referral is made for care off campus. It is important for students to be familiar with their insurance plan, including potential costs and any specific requirements. To learn more, review the recent webinar “
